

Job Sheet

Client site:	Premium self storage
Site contact:	Anthony
Date of job:	2025-08-11
Days on site:	1
Engineer on site:	Matt / Matty
Type of job:	installation
Number of cameras:	2

Camera locations:

We will reposition Panovu 2 to provide better coverage of the new containers on the left hand side. We will install one Hikvision 8MP 4K Hybrid ColorVu and IR Acusense Turret with audio mounted on a container pole to provide coverage of the new bottom containers. We will install one Hikvision 8MP 4K Hybrid ColorVu and IR Acusense Turret with audio mounted on a container pole to provide coverage of the rear of the new bottom containers. This will be mounted on the rear of the left hand side container for the time being until the rest of the containers are in place, we will leave enough cable for this camera to be removed at a later date.
